

Membership Application

EUNETHYDIS is a research-orientated network focused on ADHD based in Europe but with a global perspective. Membership is open to researchers with a higher academic degree (PhD, MD) who are active in a relevant field of research (ADHD and related conditions), as evidenced by relevant peer reviewed scientific publications, some of which should be first author publications.

EUNETHYDIS is committed to creating a stimulating, inclusive and collaborative environment, where members freely and openly share with each other their research findings and their views. We actively encourage space for constructive exchange of different viewpoints.

EUNETHYDIS endorses international collaborations and welcomes enthusiastic new members who are interested in a collaborative research spirit, regardless of gender identity or expression, sexual orientation, age, ethnic origin, religion, disability status, socioeconomic status, or geographic region within Europe.

EUNETHYDIS is on a path of development. We are increasing diversity, and growing as a society. To achieve this without losing our core focus we will take small steps forward. Updating our approach to membership is part of this larger strategy. While we want to move towards a position whereby we do not need to limit growth, we will work towards this with a phase of controlled growth. This means that we will, for now, limit the number of new members per year, and use clear selection criteria.

In addition to the basic criteria highlighted above, membership applications will be evaluated while considering the following:

1. Quality of scientific outputs
2. Relevance of research content
3. Interest and willingness to actively contribute to the broader EUNETHYDIS mission

If you would like to apply for membership, please **complete the application form**, and e-mail it, along with **your CV** to the following email address: eunethydis@outlook.com. In the application form, you can include any information on diversity of personal background and experiences that contribute to diversity and inclusion. You can email this any time. The membership committee **convenes two times per year** (July and January). Therefore, applications that come in before July 1 will be discussed during the July meeting, and applications that come in before January 1 will be discussed during the January meeting.

If you would like to terminate membership, please send a message to the same e-mail address. Membership can be terminated at the end of each calendar year.
